Book Title: Dancing in My Nuddy Pants; Even Further Confessions of Georgia Nicolson

Author: Louise Rennison

Name: Isis Kayiga

Rating: 4

Louise Rennison is an amazing author! She is one of the funniest authors I know. I laughed all throughout the book. It is about the life of a teenage girl named Georgia Nicolson living in Britain. The book takes the form of a day-to-day, hour-to-hour account of her life. One has a front row seat into her queer family, her love life, her social life and everything in between.

I recommend this book to any teenager. Read it for the comedy!
